## **Community Action Partnership to host Weatherization Day**

Residents are invited to learn how they can lower their monthly energy costs at the Weatherization Day Open House taking place from 11 a.m. to 1 p.m. on Oct. 13 at 2038 Iowa Ave., Ste. B-102 in Riverside.

Hosted by Community Action Partnership (CAP) of Riverside County, the event will provide information on how homes are weatherized for increased energy savings. Qualified participants can receive Weatherization and Utility Assistance Program applications.

“Many people are not aware that weatherizing a home can result in great monthly savings when it comes time to pay the bill. This can include making improvements like adding weather stripping to doors and windows to save energy. So, we are excited to help Riverside County residents with making their homes energy efficient,” said Brenda Freeman, Community Action Partnership executive director.

Guests will have the opportunity to see if they qualify for utility bill assistance and will receive a free gift bag on the day of the event. They will also be able to learn about other Community Action Partnership programs.

RSVP to Gabriela Perez at [gabperez@capriverside.org](mailto:gabperez@capriverside.org) or by calling 951.955.3246.
