You’re a part of the solution… now answer the phone!

You’ve stayed home!

You’re wearing masks!

Now, answer the phone!

As we battle coronavirus together, tracing exposures to COVID is important to stop the spread.

The RUHS-Public Health Contact Tracing Team works with confirmed positive COVID-19 people to determine who they have been in contact with. Trained specialists reach out to those contacts about possible exposure. If you have been identified as a contact, you will get a call from “Public Health Contact Tracing” (951-955-6483).

Because the disease can be transmitted without symptoms, notifying people about a possible exposure is critical to stop the spread.

So, if you get a call from “Public Health Contact Tracing” (951-955-6483) please answer. It is confidential and private.

Please Answer the Phone
so we can keep Riverside County moving forward and stop the spread of COVID-19.
